ALL-WAVE ATWATER KENT RADIO

FOR DISTANT RECEPTION it takes the finest laboratory engineering and precision workmanship to give TRUTHFUL reproduction to a broadcast. Slight imperfections that might not be noticed if you were tuned on a local station might easily ruin a broadcast from Germany. Probably this is one of the chief reasons why Atwater Kent Radio is so favored by short wavers.

Add to the dependable satisfaction of an Atwater Kent for regular programs the exciting luxury of TRUTHFUL short wave reception—and you have everything that radio has to offer.

Come in and let us demonstrate REAL 1934 radio performance.

Better Than Whiskey For Colds and Coughs

The sensation of the drug trade is Aspironal, the two-minute relief for colds and coughs due to colds. Authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically indorsed, and proclaimed by the people as ten times as quick and effective as whiskey or rock and rye.

All drug stores are supplied with the wonderful elixir, so all you have to do is to step into the nearest drug store, ask for a bottle of Aspironal and tell the clerk to serve you two teaspoonfuls. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you can not feel the distressing symptoms of your cold or cough fading away within the time limit. Don't be bashful, for all druggists invite you to try it.

Take the remainder of the bottle home to your wife and children, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for children as well as adults. Quickest relief for catarrhal croup and choking up with phlegm at night. —(Adv.)
